Dear Parent or Guardian:

The Healthy Schools Act of 2000 requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. Additional information can be obtained at the following Internet address: pestreg.cdpr.ca.gov. The Roseville Joint Union High School District has a safe pest management program. Our strategy has been focused on prevention of pest problems using no chemicals whenever possible and/or to use a pesticide chemical that is least toxic. Regardless, all application of pesticides has been done in a manner that minimizes exposure and risk to our students.

Parents or legal guardians may request prior notification of the individual pesticide application by completing and returning the form below to: Antelope High School, 1 Titan Drive, Antelope, CA 95843. People listed on this registry will receive at least a 72-hour notification prior to pesticide application.

The following is a list of intended pesticides:

NAME OF PESTICIDE	ACTIVE INGREDIENT	NAME OF PESTICIDE	ACTIVE INGREDIENT
Roundup Pro EPA # 524-475	Glyphosate, N-(phosphonomethyl) glycined. (41.0%) Applied for weed control	Dursban 50w EPA # 62719-72	Chlorpyrifos Insecticide
